Education

2015- now PhD. In chemistry, the Free University of Bruxelles and the University of Strasbourg

2012-2015 M.M. in organic chemistry, the Zhengzhou University

2008-2012 B.S. in chemistry, the Henan University

Research Experience

2015-now the Free University of Bruxelles, Laboratoire de Chimie Organique and the University of Strasbourg, Laboratoire de Chimie Moléculaire: **Access to Nitrogen Containing Heterocycles via Cyclization of Ynamides.** (Prof. Gwilherm EVANO and Dr. Nicolas BLANCHARD)

2012-2015 the Zhengzhou University, Henan Key Laboratory of Chemical Biology and Organic Chemistry: **Chiral NCN Pincer Rhodium (III) Complexes with Bis(imidazoliny)phenyl Ligands: Synthesis and Enantioselective Catalytic Alkynylation of Trifluoropyruvates with Terminal 1,3-diynes.**(Prof. SONG Maoping)

Publications

The anionic chemistry of ynamides: A review, Comptes Rendus Chimie, **2017**, *20*, 648.

A Journey in the Chemistry of Ynamides: From synthesis to Applications, Chemistry Letters, **2016**, *45*, 574.
